

Project Evaluation of  
New Build Concept  
Retrofitting / Rehabilitation  
Extension / Upgrade

Technical Evaluation  
Machines Configuration  
Control Management  
Efficiency Analysis

Evaluation of Operational Data  
Unit Optimization  
Plant Optimization  
Fleet Optimization (virtual PSP)

Market Analysis  
International Market Analysis  
Market Forecast  
Spread/Price Prognosis

Simulation  
Economic Feasibility  
Day Ahead / Intraday  
Control Energy Market

Optimized Investment Strategy  
Project Cost Evaluation  
Project Profit Analysis  
Bankable Project Results
